PROFESSIONAL SUMMARY

Brand and digital designer with a marketing background and hands-on IT and web skills, so I design with the business goal in mind and handle the technical side too. Experienced in social media graphics, branding, packaging, and promotional design, plus UI/web design in Figma, WordPress and HTML/CSS. CompTIA A+ certified and comfortable working remotely, taking a brief from concept to final files, and revising until the client is happy.

PROFESSIONAL EXPERIENCE

FREELANCE GRAPHIC & DIGITAL DESIGNER

Lagos, Nigeria | **Freelance**

- Designed branding and packaging for 10+ clients in e-commerce, NGO, and logistics, covering logos, colour systems, and print-ready files.
- Produced 20+ social media graphics for an e-commerce business and its social pages, maintaining a consistent visual identity across posts.
- Designed a shopping app UI concept in Figma, from wireframes to a clickable prototype.
- Customized and built a responsive courier website in HTML/CSS from an open-source template, tailored to the client's brand.
- Took over an unfinished WordPress e-commerce store and completed it, improving its layout, content, and overall user experience.

IGHOMALL ONLINE STORE

Online Marketer → Graphic Designer / IT Support | 2019–2022

- Designed flyers, banners, posters, and social media assets for the store's online promotions, with attention to layout, typography, and colour.
- Moved from online marketing into graphic design after six months, based on strong promotional performance and design initiative. This gave me a clear understanding of how visuals drive sales.
- Supported product campaigns and sales promotions that increased engagement and sales and helped clear stock.
- Provided IT support and coordinated inventory with the admin team.

DALE HEIGHTS SCHOOL

IT Support & Teacher | 2017–2018

- Provided IT support and taught students computer applications and practical skills.

INPUT COMPUTER COLLEGE

IT Support & Teacher | 2011–2012

- Diagnosed, repaired, and maintained computers and taught hardware, networking, and software fundamentals.
